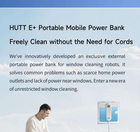
HUTT E+ Portable Power Bank

Innovative Portable Mobile Power Bank
Clean Windows Freely without Constraints



Don't let the distance from the socket limit your pursuit of cleanliness.

HUTT E+ Portable Mobile Power Bank
Freely Clean without the Need for Cords

We've innovatively developed an exclusive external portable power bank for window cleaning robots. It solves common problems such as scarce home power outlets and lack of power near windows. Enter a new era of unrestricted window cleaning.

Clean Large or Small Windows Freely
Effortless Cleaning, Maximum Efficiency

For large windows, the portable power bank overcomes cord length limits, ensuring stable power for efficient window cleaning. For small ones, it moves flexibly with the cleaner, preventing cord tangles.

floor-to-ceiling window glass

window glass in the courtyard

Small Size, Big Power
Ultra-portable, Take It Anywhere

It's compact and easy to store. Weighing just 990g, it can be easily picked up with one hand, allowing you to clean wherever you go.

5000mAh High Capacity Battery*
Powers a Whole-house Clean

A full charge offers up to 90min of operation. Effortlessly clean all vertical surfaces in the house without a power connection. Even in powerless areas, cleaning is a breeze.

*5000mAh is the total battery capacity of the HT-2 portable power bank.

Automotive-grade Battery Cells
Longer Life, Greater Durability

We adopt the same high-quality industrial-grade battery cells used in digital devices and new energy vehicles. These cells offer a longer lifespan, robust power endurance, and outstanding durability.

Effortless Wired/Wireless Switch
Meets Diverse Needs

Wired Operation: The machine can be used by direct plug-in, with no need to worry about battery.

Wireless Operation: The machine can also work with a power bank for wireless, more flexible operation.

Product parameters

Model	E+
Product Name	Mobile Power bank
DC Input	24V⎓2.5AMax
DC Output	24V⎓4.5A
Polymer Battery	19V/5000mAh 95Wh
Battery Capacity	5000mAh
Rated Capacity	3500mAh
Cable	120mm
Weight	990g
Dimensions	125*88*81mm
